

August 6, 2011

Sorors,

I have just learned that for Alpha Kappa Alpha to get credit for our donations to Heifer International funds must flow thru **Corporate Office**. Make your checks payable to ***Heifer International*** but sent them to the regional office so we can have a record and we will package and forward to the Corporate office. You may also start making your donations during the statewide clusters. We will set aside a time for chapters to make a donation to the ATM Ark for Heifer International. Any amount given, will be credited toward the regional conference competition.

Sorors, we in South Eastern have the Chairman of the International Program Committee, we need to step up our game! South Central and South Atlantic Regions are leading the way with donations in excess of \$100K. We in South Eastern are on Record for Zero Dollars Donated thus far. If you have already donated and sent the check directly to Heifer International, please send us a copy of the check so we can try to get credit for that donation.

Sorors, looking forward to seeing you at round-up and clusters meetings!

*Adrienne P-K Washington*

South Eastern Regional Director
